On arrival, please park on the main carpark and sign in at reception.

Our recent External Review of Governance has confirmed that 'the effectiveness of Stour Vale's governance is high'.

This external validation of our current position is fantastic news. However, driven by our firm commitment to continuous improvement we want to ensure that we secure strong governance as Stour Vale continues to grow.

Please join us at this professional learning event which will focus on revisiting our existing arrangements and introducing the further developments recommended in the review. There is also good news to share about attendance.

A warm welcome awaits!
